Bulletin #2011-003 1 – June - 2011

Subject:
Change to claims arising from organizer error

Overview:
Effective immediately, replace the sixth paragraph of Article 7.10 with the following:

> Claims arising from conditions created by organizer error (3 above) may be allowed and may be subject to unilateral action by the organizer, stewards, the Competition Director or his delegate. Claims arising from conditions of Force Majeure (1 above) or competitor error (2 above) are not to be allowed and are not subject to unilateral action by the organizer.

Rationale: These changes are being made to allow RallyCar and the stewards to act to correct organizer errors made during an event.

Questions regarding this bulletin received by RallyCar from licensed Drivers and Co-Drivers will be answered in writing.
